Tel: 415-973-4141

Dear Friends of HOPE:

What an incredible network of women who have been trained and inspired by the HOPE Leadership Institute! Every day they're making a positive difference in their communities and around the world.

Pacific Gas and Electric Company takes great pride in supporting the development of these leaders and change-makers. It's part of our commitment to building strong, sustainable communities.

Twenty years ago, PG&E was a principal founding sponsor of HLI, and it has been our great privilege to continue our support ever since.

Today, more than 500 Latinas have completed the leadership program. The impressive roster of alumnae includes elected officials, board members for nonprofit organizations, judges, gubernatorial appointees, and the list goes on. At the same time, we've watched HOPE grow as an organization, serving as a resource for the continued success of program participants.

I want to thank HOPE for all that you do for Latinas and their communities, and I wish all of the HLI alumnae great success in your endeavors.

A handwritten signature in cursive script that reads "Geisha".

Dear HOPE Supporter,

The HOPE Leadership Institute (HLI) and the HOPE Youth Leadership Program (HYLP) together make up HOPE's signature programming designed to create a pipeline of Latina leadership to impact all sectors of public life including business, government and nonprofits. At the heart of these programs is the idea that supporting and encouraging Latinas to engage in leadership roles will make the world a better place. By incorporating the Latina voice and perspective in decision-making roles, we not only make a more just and equitable society for Latinas, but for everyone.

The HOPE Alumnae Roster paints a distinctive picture of this leadership pipeline from the beginnings of talent and determination exhibited by our HYLP alumnae – **92% enroll in college** – who originate from underserved, low-income communities, to the full-fledged range of high level executives, elected officials and business owners that comprise the impressive HLI network.

The women who go through HLI are by no means born into these high-level positions. Most are first or second generation immigrants who have fought to earn their place at the table. In a way, the women of the HLI network were once the girls served by the HYLP program.

The ongoing influence of the highly accomplished HLI alumnae has contributed to the growth of Latina leadership. HLI women currently serve on the City Councils of California's largest cities: Los Angeles, Fresno, and Long Beach. Over the entirety of the program's existence, **56 of the HLI participants have been elected to office**. They are leading county, local school and community college boards, starting nonprofits, and have served on over **800 boards and commissions**. In their leadership positions, HLI alumnae manage budgets that add up to well over **28 billion dollars**, more than the budgets of 20 states. Their reach is vast, with women impacting both rural and urban communities; from grassroots community organizations, to multinational corporations, to the floor of the California State Assembly. HLI alumnae are representing Latinas and making our voices heard.

It takes a village of supporters, believers, dreamers, risk-takers, and visionaries to pave the way for the next generation of leaders. HOPE is just a small part of that journey, and it is our vision that the HYLP youth will in turn become the HLI leaders. As you look through their profiles you will see many are trailblazing their paths to success.

Thank you to PG&E for their incomparable 20 year commitment to HOPE's Leadership Programs. Thank you to Premier Sponsors Chevron and Southwest Airlines, and to Strategic Sponsors Andeavor, Comcast, The California Endowment, Kaiser Permanente, Union Bank, and The Walt Disney Company for their longstanding commitment to the HLI and the HYLP.

Our democracy is stronger because of the leadership of the Latinas represented in this roster, each working towards creating a "perfect union." Join us, as we think big and invest in the women that are stepping up and leading us forward.

With optimism and HOPE,

Helen Torres
Executive Director

Larisa Céspedes
Board Chair

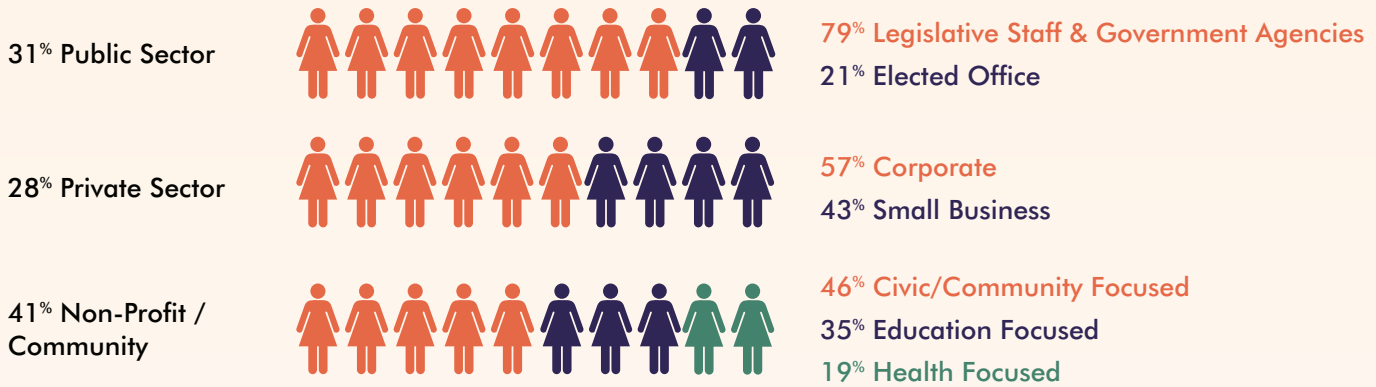

Carrie Lopez
HLI Chair

Belinda Barragan
Programs and Policy Director

HOPE LEADERSHIP INSTITUTE (HLI)

The **HOPE Leadership Institute (HLI)** is the first and only statewide leadership development program specifically designed to train Latinas in vital advocacy skills, enabling them to create fundamental change within their communities. To date, **521 Latinas** have graduated from the HLI, going on to influence various public, private and community sectors.

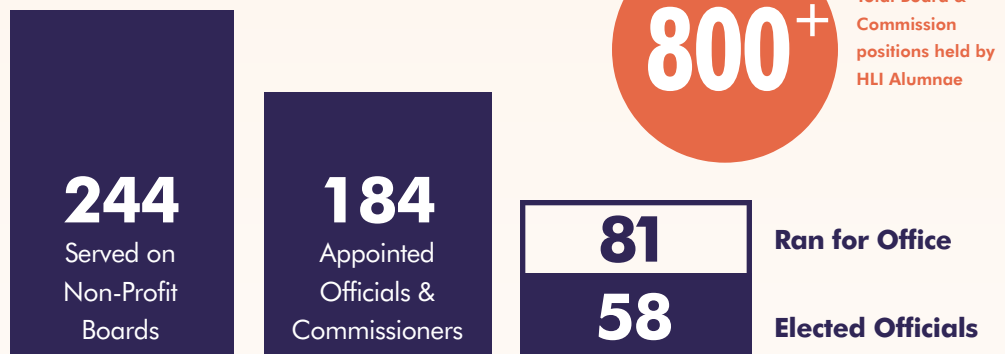

SPHERES OF INFLUENCE

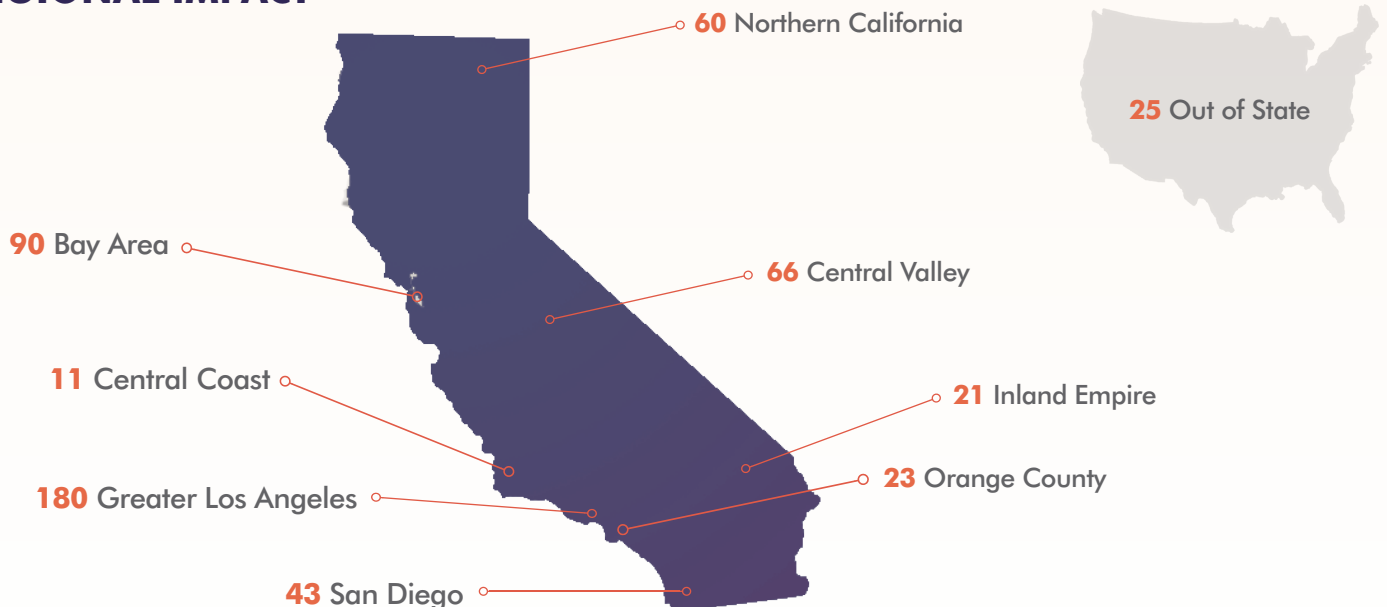

SPHERES OF INFLUENCE

100% of HLI alumnae are civically engaged. 90% have held a community leadership position and nearly 70% have served on a board or commission.

Number of HLI Alumnae.

“HLI provided me the skill set, networking opportunities and safe space where I was able to reconnect with my true self and explore new ways to express who I am and how to channel my strengths and passions.”

Leticia Cazares, Organizational Development Consultant, Cazares Consulting & Coaching Services
HLI Class of 2016

“HLI gave me the confidence to run for political office, the financial knowledge to start a campaign and the relationships with key women in the state to support me.”

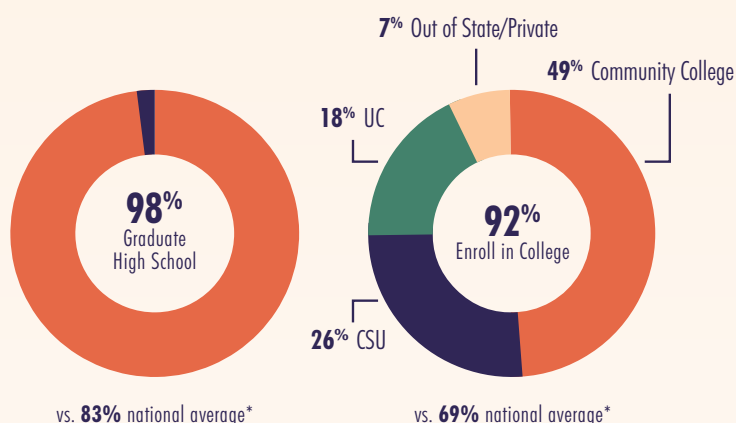

Nicole Parra, State Government & Public Affairs Manager, Andeavor
HLI Class of 1999

“HLI inspired me to have the courage to lead and carve my own path to effect positive change in our society. Founding New England Wellness Foundation was a direct result of my HLI experience and has given me the freedom to choose where I invest my education, experience, talents and creativity to help improve communities and the quality of life of many people across their lifespan.”

Brenda Vasquez, Executive Director, New England Wellness Foundation
HLI Class of 2008

HOPE YOUTH LEADERSHIP PROGRAM (HYLP) ROSTER

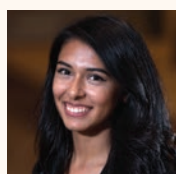

Launched in 2004, The **HOPE Youth Leadership Program (HYLP)** has trained over 3,500 Latina students of which 400 have graduated from the intensive six-month HYLP leadership program. The HYLP continues to deliver on its goal to strengthen leadership while building a pipeline of college-bound Latina leaders. In commemoration of the 15th anniversary of HYLP, this edition of the Roster features profiles for 110 women who have continued to engage with HOPE. We hope that this Roster provides valuable connections among the HYLP alumnae community and as these ties strengthen, we look forward to presenting the HYLP cohorts in their entirety in future publications.

ABOUT HOPE

For 28 years, Hispanas Organized for Political Equality (HOPE) has focused on empowering our communities through advocacy, Latina leadership training, and increasing knowledge on the contributions Latinas have made to advance the status of women. To date, HOPE's innovative programming has served over 56,000 Latinas statewide and touched the lives of several thousand more.

HOPE'S MISSION

HOPE is a nonprofit, nonpartisan organization committed to ensuring political and economic parity for Latinas through leadership, advocacy, and education to benefit all communities and the status of women.

HISPANAS ORGANIZED FOR POLITICAL EQUALITY | WHAT WE DO

LEADERSHIP

HOPE LEADERSHIP INSTITUTE (HLI)

is the first and only statewide leadership program specifically designed for Latinas in California.

The goal of the Institute is to train Latinas in vital leadership and advocacy skills, enabling them to create fundamental change within their local neighborhoods and across California. Over 500 Latina professionals have completed HLI.

HOPE YOUTH LEADERSHIP PROGRAM (HYLP)

is a statewide development program designed to prepare low-income, high school-age Latinas for a self-sufficient future that will allow for economic and political parity through a college education. The objectives of the HYLP include college preparation, financial empowerment, enhanced civic participation, and the promotion of healthy living.

HOPE COLLEGE LEADERSHIP PROGRAM (HCLP)

is designed to engage Latina college students and recent graduates to support them in developing their leadership, advocacy and professional skills through training and access to a professional network. The program ensures college Latinas have the resources necessary to complete college, enter the workforce and contribute to their communities.

ADVOCACY

LATINA ACTION DAY® (SACRAMENTO)

HOPE convenes over 400 Latina leaders from all regions of California in Sacramento for this annual public policy issues conference.

This one day conference is designed to facilitate dialogue between corporate and community Latina leaders and elected officials on public policy affecting Latinas in California. Through town halls and

workshops, HOPE presents up to date information, analysis, and access to decision makers on critical issues such as access to healthcare, higher education, and the California state budget.

LATINA EMPOWERMENT DAYS Through an annual series of workshops throughout California, Latina Empowerment Days aim to identify, train, and mentor a powerful network of Latinas about important issues affecting them, their families, and communities. The workshops equip Latinas to advocate for themselves on issues such as economic parity, civic engagement and access to affordable healthcare.

EDUCATION

LATINA HISTORY DAY™ (LOS ANGELES)

Held annually during Women's History Month in March, the conference unites approximately 1,000

women to celebrate the historic achievement of Latinas while addressing community issues, providing professional development and financial empowerment through engaging workshops and keynote speakers.

YOUNG PROFESSIONALS SUMMIT The Summit gathers over 200 young Latinas from across California, offering professional development opportunities through interactive workshops, discussions and activities. Workshop topics address key issues for professionals at the start of their careers such as interview and networking skills, personal branding, resume review and civic engagement.

LATINA DATA CENTER A collection of data and research specific to the status of Latinas in areas of education, health care, economic empowerment and civic participation. Original HOPE research such as the 2017 Economic Status of Latinas Report act as key resources to policy makers and advocates working on behalf of Latinas and all Californians.

SPECIAL THANKS

HOPE extends a very special thanks to the following guest instructors and organizations that have for more than three years contributed their time and expertise to the HOPE Leadership Institute and HOPE Youth Leadership Program curriculum.

"HLI is a great leadership program aimed specifically at Latinas to empower them to take on leadership positions in their communities. Great networking statewide with other Latinas facing similar issues."

Alicia Aguirre, Council Member, City of Redwood City
HLI Class of 2010

"An extremely eye-opening experience at the time I went through the program that helped inform key professional decisions I would make years later based on facts, our current position as Latinas in this state and country, and now, as a mother to two little Latinas. HLI's success is key to the U.S. moving forward given the rate of our population growth and the potential of our upward mobility, which will explode."

Vanessa Aramayo, Consultant, Insight Strategies
HLI Class of 2007

"The HOPE Leadership Institute was an intense journey of growth and learning, not only about my community and government, but about myself. I would recommend it to anyone willing to challenge themselves and their biases in order to serve the greater good."

Revekka Balancier, Manager, Marketing & Communications, Port of San Diego
HLI Class of 2016

"The Hope Youth Leadership Program impacted my professional and academic development by motivating me and giving me the resources I need as a young professional Latina. From their food etiquette classes to how to advocate against injustices, these are tools that shape my character today."

Martha Gomez, Educational Counselor, CSUSB TRIO Educational Talent Search Program
HYLP Class of 2010
